Guide Use Area Boundaries and Identification Numbers: Alaska Department of Fish and Game, Division of Boards (may be subject to adjustment with changes occurring to the Uniform Code Unit boundaries).

The Alaska Maritime National Wildlife Refuge (AMNR) is not completely depicted. Areas where it is depicted are shaded, however, they are not outlined. The Alaska Maritime NWR is described as follows:

The Alaska Maritime NWR consists of all public lands, including submerged waters and interests therein on islands, reefs, rocks, islets, spires, and designated capes and headlands in the coastal waters of Alaska, including the Arctic Ocean, Chukchi Sea, Bering Sea, Gulf of Alaska, Aleutian Islands, Alaska Peninsula, and Gulf of Alaska Unit, and includes an undetermined quantity of submerged lands. The Refuge is generally depicted on the USGS maps entitled, "Alaska Maritime National Wildlife Refuge" (MAR/Cluster 1979).

Note: This map shows general land ownership information. When reviewing this map, it is important to remember that: 1. Land ownership is complex and intermingled, blocks/faults, its entire section. For example, any portion of a section (640 acres) falling within State Patented or Tentatively Approved land causes the whole section to be shaded as State land. Similarly, if 1/2 of a section is ANCSA Interim Approved land is only a fraction of the section, and federal land and/or ANCSA land also occurs in the section.

The land ownership hierarchy in as follows:

1. State Municipal Entitlements or Land Exchanges or Other Land Disposals.
2. Patented Disposed Federal Lands (Native Allotments or Private Parcels).
3. State Patented or Tentatively Approved or Other State Acquired Lands (Include townships 101-114, 116-117, 128-129).
4. Alaska Native Claims Settlement Act (ANCSA) Patented or Interim Conveyed.
5. Major Military.
6. National Wildlife Refuges, National Park System Units.
7. National Wild & Scenic Rivers outside National Park System Units and National Wildlife Refuges.
8. National Forests and Monuments, National Petroleum Reserve-Alaska, National Recreation Area and National Conservation Areas.
9. Bureau of Land Management Public Lands.
