Public Notice Issuance Date: 4/1/2011
Public Notice Expiration Date: 5/2/2011

Permit No.: AK0043206

Applicant:

Hecla Greens Creek Mining Company
Greens Creek Mine
18 Miles Southwest of Juneau, AK
P.O. Box 32199
Juneau, AK 99803

Proposed Project and Location:

The Greens Creek Mine is a lead, zinc, silver, and gold mine and mill located on the northwest portion of Admiralty Island approximately 18 miles southwest of Juneau, Alaska. The mine and mill are owned and operated by the Hecla Greens Creek Mining Company (HGCMC). The facility has been in operation since 1989 with a period of temporary shutdown between April 1993 and 1996. At an average production rate of 2,200 to 2,400 tons of ore per day, HGCMC predicts an additional 10 years mine life.

The mine facilities encompass approximately 273 acres in the Admiralty National Monument. The Admiralty Island National Monument is managed by the U.S. Forest Service. The mine facilities are located in the Greens Creek, Zinc Creek, Cannery Creek and Tributary Creek drainages. These creeks flow into Hawk Inlet. Major site facilities include the underground mine, waste rock storage areas, mill, tailings storage facility, and port facilities (Hawk Inlet terminal), and roads connecting these components.

The proposed permit authorizes a rectangular mixing zone in Hawk Inlet for outfall 002. The mixing zone is rectangular, 200 feet wide and centered along the 160 feet long diffuser, and it extends 300 feet perpendicular to either side of the diffuser for a total length of 600 feet.

Tentative Determination:

ADEC has tentatively determined to reissue a discharge permit to the above listed applicant.

Comments of either support or concern that are directed at specific, cited permit requirements are appreciated. Mailed comments and requests must be postmarked on or before the expiration date of the public notice.

ADEC will consider all comments in making the final decision and will answer the comments in a Response to Comments that will be issued when ADEC issues a final permit. The Response to Comments will be made available to the public.

ADEC may also hold a public hearing if a hearing might clarify one or more issues involved in a permit decision or for other good reason in ADEC's discretion.

ADEC will transmit the final permit, fact sheet (amended as appropriate), and Response to Comments to anyone who provided comments during the public review period or requested to be notified of ADEC final decision.
