- June Walrus Occupancy
- July Walrus Occupancy
- August Walrus Occupancy
- September Walrus Occupancy
- Walrus Haulouts

All legend items may not appear on each map tile

NOTES

¹Utilization of the Chukchi Sea by Pacific walrus during the months of June-November was documented by telemetry tracking Pacific walrus and recording their hourly foraging behavior during years of sparse sea ice (2008-2011). Data depicted here show the extent of occupancy by month. (USGS Alaska Science Center, Walrus Research Project, Dr. C.V. Jay principal investigator)
